

CST4ALL

Support to the Activities of the Concentrated  
Solar Thermal Technology Area of the SET Plan

## CST4ALL Industry Workshop on the integration of Concentrated Solar Thermal Technologies (CST) with energy storage

Save the date!

May 19<sup>th</sup>, 2025

1:00 pm – 4:00 pm CEST

Online Event

Organised as part of the Horizon Europe CST4ALL project, the workshop will assess the industrial potential of CST-energy storage integration concepts. The event will feature keynote presentations by experts followed by roundtable discussions.

This project has received funding from the European Union's Horizon Europe research and innovation programme under grant agreement No 101075408.
